

The Great Learning Confucius

Have another look at and consider the words

Having the compass and measuring square to the Tao (Dao).

Then consider what is meant by "The making the whole kingdom peaceful and happy depends on the government of his state," this:—When the sovereign behaves to his aged, as the aged should be behaved to, the people become final; when the sovereign behaves to his elders, as the elders should be behaved to, the people learn brotherly submission; when the sovereign treats compassionately the young and helpless, the people do the same. Thus the RULER has a principle with which, as with a measuring SQUARE, he may regulate his conduct.

Using your compass.
